

**AMHERST PLANNING BOARD**  
***Zoning Subcommittee***  
**FY 12 Zoning Work Plan**

The Amherst Planning Board, through the work of its Zoning Subcommittee, reviews and proposes amendments to the Amherst Zoning Bylaw and Official Zoning Map, and to other Town regulations. The Zoning Subcommittee maintains and regularly updates a work plan of potential zoning amendments organized by relative priority and immediacy. Following each Town Meeting, the Planning Board conducts a public Zoning Forum at which citizens are invited to propose new zoning amendments and comment on the priority of zoning amendments already under consideration. After each Forum, the Zoning Subcommittee reviews the zoning amendment work plan in the light of citizen comments, and then develops recommendations for which zoning amendments to work on preparing for the next Town Meeting. Those recommendations are presented to the full Planning Board for its review, comment, and approval. The accompanying Zoning Amendment Work Plan summarizes zoning amendments under active or long-term consideration, and identifies under Priority A those zoning amendments most likely to be on the warrant for the upcoming Town Meetings.
